EVENT HALL RENTAL AGREEMENT

Renter/Organization: _____	**Responsible Party:** _____
Address: _____	**Phone:** _____
Email: _____	**Type/Purpose of Event:** _____
Event Date: _____	**Estimated Attendance:** _____
Equipment requested: [ ] Own equipment [ ] Plug and play screen [ ] Installed sound with operator	County approval date: _____
Event date(s): _____	**County Approval Date:** _____
Approved access start: _____	Approved access end: _____

1. RENTAL FEE & RESERVATION

This Agreement applies to all renters. Rental rates are based on the approved rental period and whether an approved County or school representative agrees to monitor the event. Nonprofit or community organization status does not establish a separate rate.

RENTAL RATES - A half day includes up to six consecutive hours for setup, the event, and cleanup. Select and initial your rental option in the payment summary at the end.

With an approved County or school event monitor: Half day $130.00; full day $250.00.

Without an approved event monitor: Half day $260.00; full day $500.00.

Reduced rates require the monitor acknowledgment below to be completed and approved by Johnson County before the reservation is confirmed.

A $150.00 refundable security/cleaning deposit is required in addition to the rental fee.

TOTAL REQUIRED UP FRONT: Selected rental fee + $150.00 refundable security/cleaning deposit + all prepaid DJ/Authorized Sound System Operator fees + any other approved fees. DJ/operator fees are included in the total payment due when reserving the facility; they are separate from the refundable $150.00 security/cleaning deposit and remain subject to the operator cancellation policy.

A reservation is not confirmed until this Rental Agreement has been signed and all required rental fees, deposits, and any prepaid sound-system operator fees have been received by Johnson County.

The rental fee reserves the facility for the approved date and is non-refundable, except when Johnson County must cancel the reservation because the facility becomes unavailable.

2. FACILITY ACCESS & RENTAL PERIOD

The William C. Mosier Building will not be rented out when students are present in the building.

Full-day rentals provide approved access beginning no earlier than 7:00 a.m. and ending no later than 11:00 p.m. on the approved rental date. A half-day rental provides up to six consecutive hours within those access hours, at the specific start and end times approved by Johnson County.

The six-hour half-day period includes all setup, decorating, deliveries, event activities, cleanup, and removal of property. Additional time must be approved and any applicable additional rental fee paid in advance.

All setup, decorating, deliveries, vendor activities, event activities, cleanup, removal of decorations and personal property, and return of tables and chairs must occur within the approved rental period.

The Event Hall must be completely cleaned, restored to the required condition, and vacated by the approved rental end time, and in all cases no later than 11:00 p.m.

No items may be delivered, stored, or left in the facility before or after the approved rental period unless specifically authorized by Johnson County.

If access is required on the day before or the day after the scheduled event for setup, decorating, cleanup, removal of property, or any other purpose, an additional rental day must be reserved and the applicable rental fee paid in advance.

The renter is responsible for ensuring that all guests, vendors, caterers, decorators, entertainers, contractors, and other persons associated with the event comply with the approved access period.

3. TABLES & CHAIRS

Johnson County will provide the renter access to available tables and chairs designated for use within the Event Hall.

Johnson County personnel do not provide setup, arrangement, breakdown, or storage of tables and chairs for private events.

The renter is solely responsible for setting up and arranging tables and chairs as needed and returning all tables and chairs to their designated locations or original arrangement following the event.

4. CLEANUP & SECURITY DEPOSIT

The renter is responsible for leaving the Event Hall in a clean and orderly condition immediately following the event. This includes:

- Removal of all trash, food, decorations, and personal property;
- Cleaning spills and debris;
- Returning tables and chairs to their designated locations;
- Leaving floors, restrooms, and other authorized areas in satisfactory condition; and
- Removing all property belonging to the renter, guests, vendors, or contractors.

The $150.00 security/cleaning deposit will be refunded following inspection of the facility provided the Event Hall is left in satisfactory condition and there is no damage, missing County property, excessive cleaning, or other violation of this Agreement.

Approved security/cleaning deposit refunds will be issued by Johnson County by check and mailed to the renter at the address on file. Please allow five (5) to seven (7) business days for processing and mailing following approval of the refund.

Johnson County Government
Larry Potter, County Mayor
222 West Main Street
Mountain City, TN 37683

If additional cleanup by County personnel is required, Johnson County may retain all or a portion of the security/cleaning deposit. If cleaning, repair, replacement, or restoration costs exceed the $150.00 deposit, the renter shall be responsible for the full additional cost incurred by Johnson County.

5. PERSONAL EQUIPMENT SCREEN ACCESS AND INSTALLED SOUND SYSTEM

Renters may bring their own sound system, microphones, and related equipment. Personal equipment must be used safely and must not damage the facility.

As an alternative to hiring a DJ or requesting an Authorized Sound System Operator, renters may use the designated plug-and-play connection to display content on the big screen from their own laptop, tablet, or other compatible digital device. Renters must follow the provided connection and operating instructions and be able to operate their own device.

Plug-and-play permission is limited to the designated screen connection and the steps in the provided instructions. It does not authorize access to sound controls, equipment racks, or other installed equipment. Use of the installed sound system beyond the designated plug-and-play functions requires an Authorized Sound System Operator as described below.

Except for the designated plug-and-play functions expressly permitted above, renters, guests, vendors, entertainers, musicians, and outside DJs may not operate, connect to, adjust, modify, or otherwise use the County's installed sound system.

Use of the installed sound system requires an Authorized Sound System Operator who is a County- or school-trained official approved to operate the equipment.

The DJ/Authorized Sound System Operator fee is $50.00 per hour with a minimum of five consecutive hours ($250.00 minimum) per day. Six hours of operator service costs $300.00. Operator service must cover the specific time block requested below; a six-hour half-day rental does not automatically include six hours of operator service.

The renter must schedule the specific date and time block for sound-system use in advance. Operator services are subject to availability. Reservation of the Event Hall does not guarantee availability of an Authorized Sound System Operator.

The required operator fee must be paid in advance with the rental fee and security/cleaning deposit when sound-system use is requested. Additional operator time may be scheduled at $50.00 per hour, subject to availability.

EQUIPMENT AND DJ REQUEST

Indicate your equipment plans above. Complete the DJ/operator selection and initials at the end of this Agreement. Personal sound equipment and designated plug-and-play screen use do not require hiring the DJ/operator. Use of the installed sound system beyond the permitted plug-and-play functions requires an Authorized Sound System Operator.

6. ALCOHOL, SMOKING & PROHIBITED ACTIVITIES

Alcoholic beverages are strictly prohibited on the premises.

Smoking, vaping, illegal drugs, unlawful activities, and activities that create an unsafe condition or could reasonably damage County property are prohibited within the facility.

The renter is responsible for ensuring that all guests and other persons associated with the event comply with these requirements.

7. DECORATIONS

Decorations are permitted provided they do not damage walls, ceilings, floors, doors, fixtures, furniture, or other County property.

Nails, screws, staples, permanent adhesives, open flames, and other materials or methods that could damage the facility are prohibited unless specifically approved in advance by Johnson County.

All decorations and related materials must be completely removed within the approved rental period.

8. RESTRICTED AREAS

Rental of the Event Hall does not authorize access to County offices, storage areas, equipment rooms, secured areas, or other portions of the William C. Mosier Building unless specifically included in the rental or separately authorized by Johnson County.

The renter is responsible for ensuring that guests, vendors, contractors, and other persons associated with the event remain within authorized areas.

9. DAMAGE TO COUNTY PROPERTY

The renter assumes responsibility for the conduct of all guests, vendors, contractors, entertainers, and other persons associated with the event.

The renter shall be financially responsible for damage to or loss of County property resulting from the rental, including damage to the building, furnishings, tables, chairs, fixtures, equipment, grounds, or other County property.

Johnson County reserves the right to charge the renter for the actual cost of cleaning, repair, replacement, or restoration resulting from the event.

10. LIABILITY

The renter assumes responsibility for the event and for the conduct and safety of its participants, guests, vendors, contractors, and attendees.

To the extent permitted by law, renter agrees to indemnify, hold harmless, and limit the liability of Johnson County and Johnson County Schools, inclusive of their, elected officials, officers, employees, and agents for personal injury, theft, loss, or damage occurring in connection with the renter's use of the facility, except as otherwise provided by applicable law.

11. CANCELLATION & REFUND POLICY

The applicable rental fee is non-refundable upon cancellation because the Event Hall has been reserved for the renter and made unavailable for other rentals.

The $150.00 security/cleaning deposit is refundable upon cancellation, provided the renter, guests, vendors, or other persons associated with the event have not accessed or used the facility.

Prepaid Authorized Sound System Operator fees will be refunded when cancellation is received by Johnson County at least 48 hours before the beginning of the scheduled rental period.

Sound-system operator fees are non-refundable for cancellations received less than 48 hours before the scheduled rental period.

If Johnson County must cancel the reservation because the facility becomes unavailable, the renter will receive a full refund of all rental fees, deposits, and prepaid sound-system operator fees.

Johnson County Government
Larry Potter, County Mayor
222 West Main Street
Mountain City, TN 37683

12. TERMINATION OF EVENT

Johnson County reserves the right to immediately terminate an event or require individuals to leave County property for violation of this Agreement, unsafe or unlawful conduct, damage to County property, unauthorized access, or activities materially different from the approved purpose of the rental.

Termination resulting from a violation of this Agreement does not entitle the renter to a refund.

JOHNSON COUNTY, TENNESSEE • BOARD OF COUNTY COMMISSIONERS

RESOLUTION NO. _____

A RESOLUTION RECOGNIZING JOHNSON COUNTY RESCUE SQUAD AND EMS AS THE PRIMARY EMERGENCY MEDICAL SERVICES AND RESCUE SERVICE PROVIDER FOR JOHNSON COUNTY, TENNESSEE

WHEREAS, the Johnson County Board of County Commissioners recognizes the importance of dependable and timely emergency medical services and rescue operations for residents and visitors; and

WHEREAS, Johnson County Rescue Squad and EMS (JCEMS) provides emergency medical response, ambulance transportation, rescue operations, and related emergency services in Johnson County; and

WHEREAS, clear identification of a primary emergency medical services and rescue provider supports coordinated dispatch, accountability, emergency preparedness, mutual aid, and continuity of service; and

WHEREAS, the Board desires to formally recognize JCEMS as the primary organization for these services within its authorized service area, consistent with applicable law and existing agreements; and

WHEREAS, the elected Sheriff is the principal conservator of the peace in Johnson County under T.C.A. § 38-3-102 and has the law-enforcement duties prescribed by T.C.A. § 8-8-213, which this primary-provider designation shall preserve.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF JOHNSON COUNTY, TENNESSEE:

SECTION 1. OFFICIAL RECOGNITION AND DESIGNATION

The Board hereby recognizes and designates Johnson County Rescue Squad and EMS (JCEMS) as the primary emergency medical services, ambulance response, and rescue service provider for Johnson County, Tennessee, within its legally authorized service area and subject to applicable state law, licensure requirements, and existing lawful agreements.

The primary emergency ambulance provider designation is subject to confirmation with JCEMS that its current license classification and operations meet the applicable Category A requirements of Tennessee Rule 1200-12-01-.14, including twenty-four-hour ambulance service and the required coordination and oversight responsibilities. The County shall obtain this confirmation before implementing the primary emergency ambulance provider designation. This resolution does not itself amend or expand any state-issued license or authorization.

Nothing in this resolution supersedes any existing municipal ambulance-service arrangement or dispenses with any municipal approval required by Tennessee law. Implementation within a municipality remains subject to all applicable municipal approvals and lawful arrangements.

SECTION 2. EMERGENCY MEDICAL SERVICES

The designation includes emergency medical response; basic and advanced life support as authorized; emergency ambulance transportation; support at mass-casualty incidents and disasters; and coordination with healthcare facilities and other public safety agencies, consistent with JCEMS capabilities and approved protocols.

SECTION 3. RESCUE SERVICES

JCEMS is recognized as the primary rescue service organization for operations within its training, equipment, and capabilities, including motor vehicle extrication, search and rescue, remote-area rescue, technical rescue, and disaster-related rescue support. Operations shall be coordinated with other responding agencies as appropriate.

SECTION 4. DISPATCH AND RESPONSE COORDINATION

County emergency communications and response planning should reflect this primary-provider designation, consistent with applicable law, existing agreements, and approved dispatch protocols. This resolution does not prevent dispatch of mutual-aid resources or other appropriate emergency responders.

The elected Sheriff retains the initial authority and ultimate responsibility vested in that office by T.C.A. §§ 38-3-102 and 8-8-213 for preserving the peace and directing the Sheriff's law-enforcement response to emergency incidents within the Sheriff's jurisdiction. The Sheriff may act through deputies and may assign or delegate operational responsibilities to the extent authorized by law. Such assignment or delegation does not divest the Sheriff of the statutory authority or responsibility of that office. Recognition of JCEMS as the primary EMS and rescue provider does not transfer that authority to JCEMS.

For aid or assistance governed by T.C.A. Title 58, Chapter 8, command at the scene and any delegation of command shall comply with T.C.A. § 58-8-108 and generally accepted incident-command procedures. When the Sheriff is the requesting party's authorized incident commander, the Sheriff may delegate command as permitted by that section. This provision preserves the county emergency management director's responsibilities under the direction and control of the county's chief local elected official pursuant to T.C.A. § 58-2-110(1)(B), the statutory authority of other responding agencies, and applicable medical direction; it does not place every emergency-management function under the Sheriff's exclusive command.

SECTION 5. INTERAGENCY COOPERATION

JCEMS shall cooperate with volunteer fire departments, law enforcement, emergency management, neighboring EMS and rescue organizations, and other authorized agencies. Nothing herein limits lawful mutual aid or supersedes the statutory responsibilities of another agency.

SECTION 6. COUNTY RECOGNITION

The County may reference this designation in emergency operations planning, interagency coordination, grant applications, and official records, subject to any required separate approval.

SECTION 7. COMPLIANCE WITH LAW

JCEMS shall maintain applicable licenses, certifications, authorizations, and operational standards. Nothing herein supersedes the authority of the Tennessee Department of Health, the Tennessee Board of Emergency Medical Services, or other agencies with jurisdiction.

SECTION 8. LIMITATIONS

This resolution is an official recognition of primary-provider status. It does not, standing alone, grant an exclusive franchise, prohibit otherwise lawful services, create a new funding obligation, amend an existing contract, or establish incident-command authority beyond that provided by law and applicable plans. Such changes require separate lawful action.

This resolution does not, by itself, create an employment or agency relationship between Johnson County and JCEMS or its personnel, transfer operational control to the County, obligate the County to guarantee JCEMS's debts or performance, or waive any governmental immunity, defense, or limitation of liability available under applicable law.

SECTION 9. EFFECTIVE DATE

This resolution shall take effect upon adoption, the public welfare requiring it.

ADOPTION AND CERTIFICATION

Adopted by the Johnson County Board of County Commissioners at a duly convened meeting on the _____ day of _____, 20_____.

BEFORE THE COUNTY COMMISSIONERS

FOR JOHNSON COUNTY, TENNESSEE

REGULAR MEETING, THURSDAY, NOVEMBER 19, 2026

A RESOLUTION OPTING OUT OF STATEWIDE RESIDENTIAL BUILDING CODE STANDARDS UNDER T.C.A. 68-120-101(b)

WHEREAS, Tennessee Code Annotated Section 68-120-101(b)(1)(B) authorizes the County Legislative Body, by a two-thirds (2/3) vote, to exempt one-family and two-family dwellings outside municipalities from statewide building construction safety standards; and

WHEREAS, the Johnson County Commission desires to continue this exemption and avoid unnecessarily burdening the citizens of Johnson County; and

WHEREAS, the next regular election for the Johnson County Legislative Body is scheduled for August 1, 2030, and its record keeper is Tammie Fenner, County Clerk, 222 West Main Street, Mountain City, TN 37683;

NOW, THEREFORE, BE IT RESOLVED by the County Commissioners for Johnson County, Tennessee, meeting in regular session on November 19, 2026, with a lawful quorum present and upon the affirmative vote required by law, as follows:

1. Under T.C.A. Section 68-120-101(b)(1)(B), Johnson County elects to exempt one-family and two-family dwellings within its jurisdiction outside any municipality from the statewide building construction safety standards covered by that provision. This exemption does not waive independently applicable requirements, including electrical inspections, septic permitting, floodplain regulations, subdivision requirements, or contractor licensing. Owners retain the right to request inspections by the State Fire Marshal under T.C.A. Section 68-120-101(b)(1)(D), including documentation of compliance or a certificate of occupancy when provided under applicable law.

2. This resolution takes effect upon adoption on November 19, 2026, and shall expire one hundred eighty (180) days following the date of the election for the County Legislative Body next occurring after adoption of this resolution, pursuant to T.C.A. Section 68-120-101(b)(1)(B)(ii)(b), unless sooner rescinded or superseded by lawful action.

3. Adoption requires an affirmative two-thirds (2/3) vote of the County Legislative Body. The County Clerk shall record the vote in the meeting minutes. The presiding officer shall notify the State Fire Marshal of adoption. The County Clerk shall transmit a certified copy of this resolution, the date of the next election for the County Legislative Body, and the record keeper's name and mailing address to the State Fire Marshal. Before submission, the County Clerk shall confirm the next election date and the record keeper's mailing address.

4. Resolutions in conflict with this resolution are rescinded only to the extent of such conflict.

Adopted this 19th day of November, 2026.

Thank you,

Sheriff J. Shawn Brown

JOHNSON COUNTY BOARD OF COUNTY COMMISSIONERS

RESOLUTION NO. _____

A RESOLUTION DELEGATING ROAD NAMING AND PROPERTY ADDRESSING FUNCTIONS AND ADOPTING AN ADDRESSING AND SUBDIVISION STREET FEE SCHEDULE

WHEREAS, accurate road names and property numbers support effective emergency response, and the Johnson County Emergency Communications District (the "District") provides related addressing and mapping services; and

WHEREAS, T.C.A. § 7-86-127 permits delegation of naming and numbering functions to the District, requires legislative approval of District-made road-name changes, and expressly permits reasonable fees relating to those changes; and

WHEREAS, the Commission desires to adopt the fee amounts set out in Exhibit A and assign their administration to the District, subject to applicable Tennessee law;

NOW, THEREFORE, BE IT RESOLVED by the Johnson County Board of County Commissioners, meeting in regular session on November 19, 2026, with a lawful quorum present, as follows:

SECTION 1 Delegation

The Commission hereby delegates to the District the initial naming of public and private roads and streets, assignment of related property numbers, and administration of addressing policies for unincorporated Johnson County. The District may maintain the supporting addressing and mapping records and propose changes to existing road or street names. Its work shall be coordinated with the United States Postal Service.

Every District-proposed change to an existing road or street name requires Commission approval before taking effect. The District shall submit its recommendation and identify affected addresses through the County's applicable agenda and road-naming procedures. Initial road naming and property-number assignments do not require further Commission approval under this delegation.

This resolution does not delegate municipal authority or impose fees within municipal boundaries. Naming or addressing a road does not accept it for public maintenance or establish a public right-of-way. The District shall furnish the Johnson County Election Commission a list of changes to house, road, and street names or numbers every six months.

SECTION 2 Commission Adoption of Fee Schedule

The Commission hereby adopts Exhibit A as the fee schedule for individual residential addressing and adding subdivision streets in unincorporated Johnson County, effective upon adoption. The District shall administer and collect the adopted fees prospectively, subject to Section 3. The District Board shall accept its administrative responsibilities; no separate Board vote is required to establish these amounts.

The District may adopt consistent administrative procedures and shall publish the schedule before collection. Any new fee, rate change, exemption, or change in calculation requires further Commission approval. No separate existing-road-name-change fee is adopted; any proposed charge for that service must return to the Commission.

SECTION 3 Limits of Authority and Reasonableness

Commission adoption does not enlarge authority under Tennessee law. T.C.A. § 7-86-127(c) expressly addresses fees relating to changes of existing road or street names. New addresses and initial street names shall not be treated as existing-road-name changes.

Collection is permitted only to the extent authorized by applicable law. Before collection, the District shall document supporting service costs. A charge shall not exceed the adopted amount or the reasonable cost legally recoverable for the service, and shall not duplicate recovery of the same cost.

No fee applies retroactively. Payment does not guarantee approval. Unlawful or excessive collections shall be refunded. A category lacking legal authority shall not be collected; independently lawful provisions remain effective.

SECTION 4 Administration and Exemptions

Lawful fee revenue shall be receipted, recorded in the District's financial records, and used through its budget for lawful road-name-change, addressing, and mapping purposes. No lien, fine, or tax assessment is created. This resolution does not change the statewide telephone 911 surcharge or authorize any delay or denial of emergency assistance.

Exemptions required by law shall be honored. No blanket governmental-agency or nonprofit exemption is established. Authorized charges shall be administered consistently with T.C.A. § 7-86-106. Applicants exempt from a charge remain subject to applicable naming and addressing procedures.

SECTION 5 Effective Date and Continuing Authority

This resolution takes effect upon adoption. The District Board shall accept the delegation and approve consistent implementation procedures without separately establishing or amending rates. Existing lawful names, numbers, and consistent procedures remain effective. Earlier County resolutions are superseded only to the extent of conflict. Municipal actions and existing contracts are not amended. Invalid provisions are severable.

Adopted this 19th day of November, 2026.
